We will come together in a most beautiful Alpine area like in previous winters. We will consider the conditions of being a Christian in the barracks and a Christian military commander. Beginning with corporate Bible-studies in the mornings and later talks and discussions we will share our experiences in the armies of different countries. We will learn about each others background.

The afternoon is available for skiing and lots of other winter sport activities.

Being an international group we want to experience fellowship and unity granted by our gracious Lord Jesus Christ. Talks and Bible-studies will be provided in English, discussions will be according to our language abilities. We will try to offer a translation English/German and German/English.

We are happy welcoming you !
